Mr J. C. Collier
Bonnerdale

Myden Mr Collier

Your letter of Oct 22nd has been received.

I know very little of my Father's family prior to their coming to America from England.

There were two brothers, (twins) named Merrell and Meredith, who first settled in Virginia and later one of them, My Grand Father, settled in Buncombe County N. C. where he remained until 1826 - when he moved to a homestead - down by him - about 3 miles North of Atlanta - At which place he raised a family of fourteen children; My Uncle George Washington Collier was the elder and my Father John Collier, was second -

Since 1826 the land settled in 1826 has been in the Collier family continuously.

The family is my extension - there having been Eleven (11) in my Father's family.

Sorry I cannot give you more in detail what you wish to know.

I am, Yours very Truly
H. L. Collier

P.S. I would be pleased to hear of your family
